**Part number** 2 608 607 251  
**Barcode** 3165140247887

### Description

Specification 180 mm, 22 mm, 36

### Details

|                          |                           |
|--------------------------|---------------------------|
| Disc diameter mm         | 180                       |
| Bore diameter mm         | 22.23                     |
| Grit                     | 36                        |
| Type, grinding wheel     | Blue Metal                |
| Wheel shape              | Round                     |
| Backing material/carrier | V8 volcanic fibre         |
| Bonding                  | Full synthetic resin bond |
| Material                 | Aluminium oxide           |
| Machine type             | Angle grinders            |
| Max. speed rpm           | 8,500                     |

### Packaging

|                        |                                    |
|------------------------|------------------------------------|
| Depth mm               | 110                                |
| Width mm               | 205                                |
| Height mm              | 210                                |
| Packaging type         | Non-packaged product, no Euro hole |
| Pack quantity          | 1                                  |
| Minimum order quantity | 50                                 |
| New for OCS/Print      | false                              |
