

SPECIFICATION SHEET

SL130 800 x 450 Heated Towel Rail

Newtech heated towel rails are designed for NZ bathrooms to reflect our lifestyles. These are tested in Australasia laboratories to ensure they meet the high product standards set by Australia and New Zealand.

Our 5 year warranty offers our customers peace of mind knowing our products are free of defects, both in materials and workmanship.

Our Newtech range of heated towel rails come with a IP45 rating for use in Zone 1. This allows you to position your towel rail almost anywhere in the bathroom.

Our electrical connections are multi-connect wiring, concealed or exposed. Our Designer range is left or right hand wiring and Freedom single rails are right hand concealed wiring.

The installation of your towel rail must be performed by a registered electrician. Installation is to comply with AS/NZS 60335 Safety Standards.

Can be used in conjunction with a timer.
