WATCHMAN

10 YEAR INTERCONNECTED PHOTOELECTRIC
SMOKE ALARM

MODEL NUMBER:
AJ-760SI

The 10 Year Wireless Interconnected Photoelectric Smoke Alarm can connect up to 22 alarms and provides greater protection throughout the home. When one alarm activates, all other connected alarms will activate. This provides early detection in the home.

The alarm features a large and easy to access test and hush button; or you can test and hush your Watchman AJ-760SI alarms using the Watchman Remote Controller (AJ-R1062). The alarm is ideal to be installed in bedrooms, living areas and hallways.
