

OM866C-10RF

Wireless Interlink Alarm Controller

SPECIFICATIONS

The Orca™ Intelligent Wireless Interlink Technology allows multiple units to be wirelessly interlinked to protect the whole household. When one alarm activates, the entire network activates.

This control unit gives full control over a network of alarms from a central point without having to inconveniently deal with individual alarms spread throughout the house. It's capabilities include:

- Instantly hush or silence all alarms
- Instantly locate triggered alarm
- Easy testing of all networked alarms

TECHNICAL SPECIFICATIONS

DIMENSIONS	90mmW x 90mmH x 22mmD
POWER SOURCE	3v Lithium Battery
FUNCTIONS	Remotely test alarms
	Remotely hush/silence alarms
	Locate triggered alarm
